# Rider Representatives

Attends or appoints an alternate to attend all events. The purpose is to provide a vehicle for riders to communicate with event organizers or to find out where to go for various types of assistance. The name of the Rider Representative (or alternate) must be posted on the scoreboard, along with instructions for contact. Riders wishing to make a point with regard to a jump, or the course itself, or any facet of the competition, should do so through the Rider Representative.

**The Rider Representative, however, does not handle protests.** Competitors wishing to put in a protest must do so as indicated in EC Rules. EC Rules will always supersede any authority of the Competitions Committee or rider Representative. Any complaints regarding an event should be given to the Rider Representative to bring to the attention of the Competitions Committee and the AHTA, who can then open discussions with those concerned.

The Rider Representative should also be able to direct riders to the appropriate people or officials to obtain assistance where needed. In order to protect against liability situations, the Rider Representative must be careful not to dispense advice with regard to coaching techniques or the giving of instruction, but rather is to direct competitors to the right source in order to find the help they may need.

# Heads Up - Alberta Year-end Awards have changed!

## High Point Leaderboard Champions

# Alberta High Performance Eventing Program

---

Alberta Horse Trials is proud that 2020 marks the thirteenth year of the Eventing High Performance Program.

The Alberta Eventing High Performance (HP) Program is aimed at identifying and developing Alberta riders, horses and coaches. Riders, meeting the membership criteria, are invited to register in the program for the following season. Active Eventing coaches are welcome to audit all HP riding sessions at no charge.

This program does not supply full time coaching. The members are expected to be in a program with their own coaches. The members receive support from the High Performance Coach/Consultant by attending clinics and educational sessions organized through the HP program, as well as completing bi-monthly Training Plans. They are encouraged to bring their coaches to audit the riding sessions so that a Training Program can be developed and discussion can be had regarding what may be lacking in the rider's individual training program as they start training and competing at the upper levels of Eventing.

The High Performance Coach/Consultant for 2020 is Leahona Rowland, from Kelowna, BC. Leahona is a High Performance 1 Certified Coach. The AHTA High Performance Chairperson is Kathleen Ziegler.

Our members have had many educational opportunities, over the past number of years. In addition to lessons with Leahona, previous clinicians have included current and past Canadian Eventing Team members Peter Gray, Lynda Ramsay, Jessica Phoenix, Kyle Carter and Shandiss McDonald. US Eventing Team member Matt Brown. British Event rider James Alliston. Mental Performance Consultant Kara Stelfox B.Kin.(Hon.) M.A., CSEP-CEP; Physio-therapist Sandra Sokoloski BScPT, CGIMS, FCAMPT.

The High Performance Program format for 2020 will be split in a 2 tier program, with a Development Team and a High Performance Team. For further information, please refer to the website [albertahighperformance.com](http://albertahighperformance.com)

# Tips for First-Time Competitors

Welcome! The sport is an exciting discipline and offers a fun, fantastic, & supportive community. The eventing levels in Alberta start with the 'Starter' and then the 'Pre-Entry' division. The dressage tests in these divisions require walk, trot and canter in a series of relatively simple patterns. The cross country courses can be ridden at a slow steady canter, giving you plenty of time to drop down to the trot for fence approaches if you want. The stadium jumping will also be straight forward and encouraging with no combinations. See the descriptions for the levels on page 11 and 12 of this handbook!

- Attend an AHTA Eventing 101 Clinic (see pg. 22)
- Enter early - events can fill up
- Make sure you have the appropriate memberships
  - Know the rules - a rule book can be downloaded from Equestrian Canada
    - Be in condition; this is not just a test for the horse! Plus, time spent conditioning your horse is time well spent in developing trust and confidence between the two of you
  - Walk the cross country course several times
  - Ask questions! Eventers are very friendly & love to help each other
  - Don't forget the mandatory tack checks
  - Always keep the RED flag on your RIGHT hand side - this goes for warm ups and on course
- In the dressage test, wait for the judge's signal before entering the ring.
- In dressage, use a white saddle pad if possible. It is customary to braid your horse's mane.
- Don't forget to correctly salute the judge at end of your dressage test
- In the stadium jumping test, salute the judge. Once you hear the signal you have 45 seconds to cross the start line.
- A thank you to the organizer & volunteers goes a long way!
- Bring a friend to help out & share the day's fun with you
- Most importantly;

**HAVE FUN!**

**There are many important rules in eventing. Please print out and read the Equestrian Canada Eventing rules at the link below.**

<https://www.equestrian.ca/programs-services/rules>

# Spectators

*A few tips to keep us all safe!*

Spectators are very welcome at all phases of horse trials

Competitors enjoy performing for an audience and being appreciated for their efforts. Feel free to ask questions at the show office, or of anyone who is not busy with a horse, or judging and scoring. Please remember that the competitors are probably quite focused on what they are doing.

For your own and the competitors safety, please remain alert to the following precautions:

- Horses are large, unpredictable animals and are easily frightened by sudden movements, sounds and unfamiliar sights
- Horses can be difficult to control - please give horses and riders ample room to maneuver
- Avoid startling horses by running or shouting, and advise your children to keep back
- In the stabling area, caution is advised. Respect all signs and always ask before interacting with horses

During the **dressage phase**, a lot of concentration is required on the part of the horses, the riders, and the judges. Please remember to keep as quiet as possible, and stay at a reasonable distance from the dressage rings. No allowance is given if a horse is frightened by something, which would cause the competitor to lose marks.

**Cross country day** can be tense for everyone. Competitors are focused intently on the job at hand, and may not be aware of a spectator

crossing their path. You are welcome to watch and walk anywhere on the course, it is vital that you are at no time on the path a horse and rider may be using. Some jumps offer optional routes, so be aware. Hold onto small children and be quiet and still near cross country obstacles. The riders will be penalized for run outs or refusals no matter the reason!

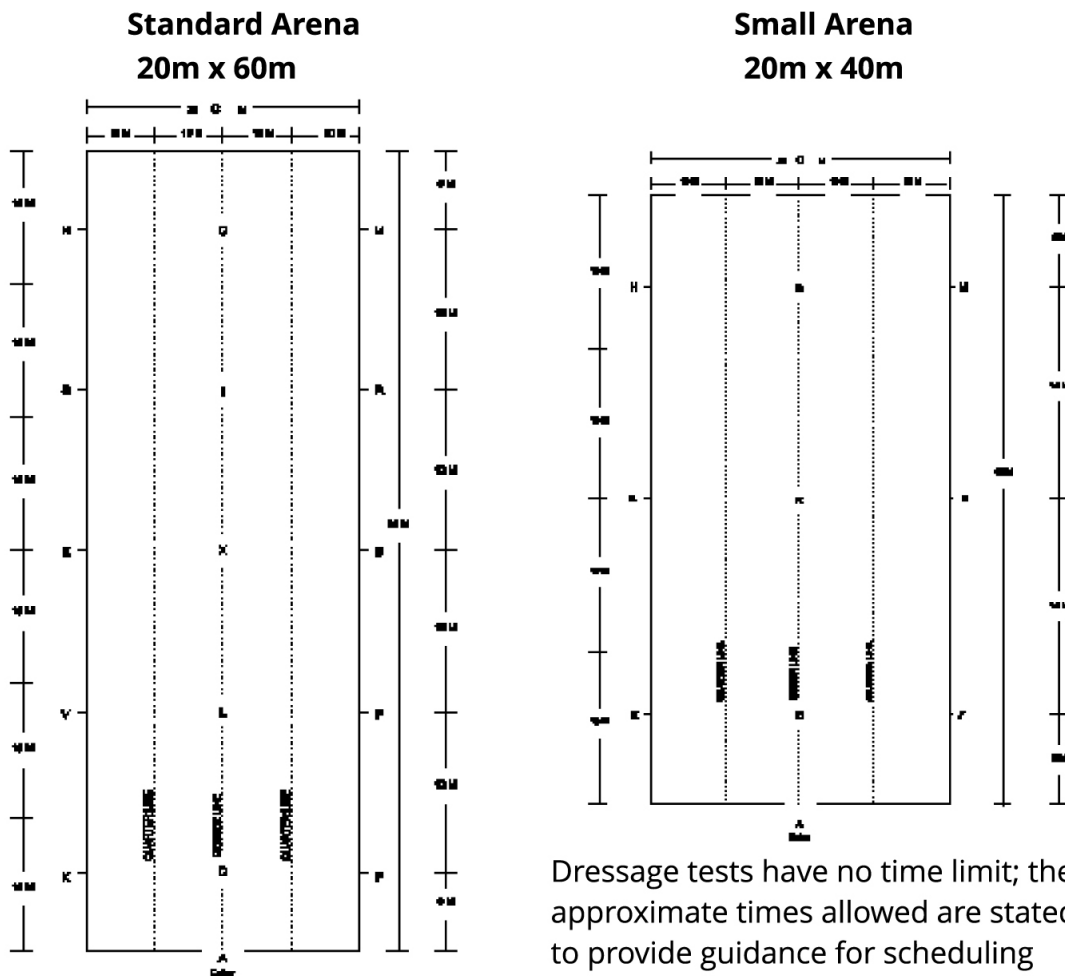

In **stadium jumping**, spectators often line the arena fences to gain the best view of this last and often nerve wracking phase. Usually the order of go is the reverse order of placing. Noises and distractions should be kept to a minimum, as the competitors require intense concentration.

Keep in mind:

- **Horses have the right away at all times**
- **"Heads up" means clear the way quickly!**
- Dogs must be kept on a leash at all times
- Keep your children well back and under control
- Give horses ample room to maneuver
- Routes and obstacles might differ for each rider!
- Keep as quiet as possible, and maintain a reasonable distance from the dressage ring and cross country obstacles
- Competitors will be eliminated if any assistance is given to them, even if they don't ask for it. Don't talk to them, point the way, or coach from the sidelines.
- Always ask if you can approach a horse
- A frightened or excited horse may not be under the riders control. Stay clear!
- Cheering is encouraged! Have fun!

# Dressage Tests

Dressage tests have no time limit; the approximate times allowed are stated to provide guidance for scheduling

All trot work is to be executed sitting, unless otherwise directed  
 The four general impression marks on all EC and FEI dressage tests have a co-efficient of two each:

- 1. Paces (freedom and regularity) 10 x 2
- 2. Impulsion (the desire to move forward, elasticity of the steps and engagement of the hindquarters) 10 x 2
- 3. Submission (attention and obedience, lightness and ease of the movement, acceptance of the bridle) 10 x 2
- 4. Position and seat of the rider, correct use of the aids 10 x 2

\* In the case of a discrepancy, the English version of the test takes precedence

**Scoring**

10 Excellent	5 Sufficient
9 Very Good	4 Insufficient
8 Good	3 Fairly Bad
7 Fairly Good	2 Bad
6 Satisfactory	1 Very Bad

**Errors**

Second error	4 points
